

klass

Bass clarinet
and Piano

Alessandro Pivetti
piano

Alessandro started as a classical pianist and now he's a composer and jazz player...

Paolo De Gaspari
Bass clarinet

Paolo started in a big band and now he's a classical musician specialized in contemporary and modern music...

Two worlds indissolubly connected to they self, a way to interlace experiences, to compare them, to place them above... everything connected "with a drop of blues!"

Klass means **Kl**avier (piano) and **Klass** (bass). Idea is to present different works of different styles and languages but where is clear an influence of "blue" character. A very interest project because the audience will have possibility to understand different musical styles joint proper ... "with a drop of blues".
